Installing Adobe Flash Player on a PC using Firefox
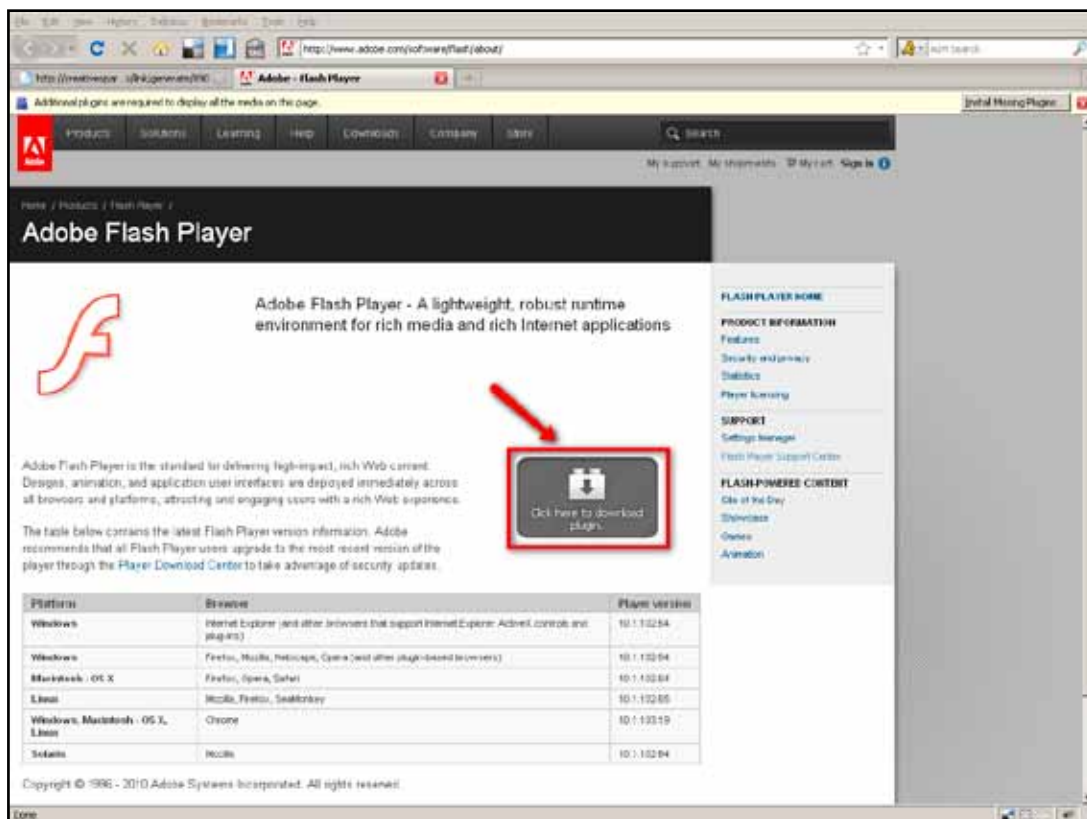

1. Click Get Adobe Flash Player.
   Note: Clicking the icon within this document will begin the download.

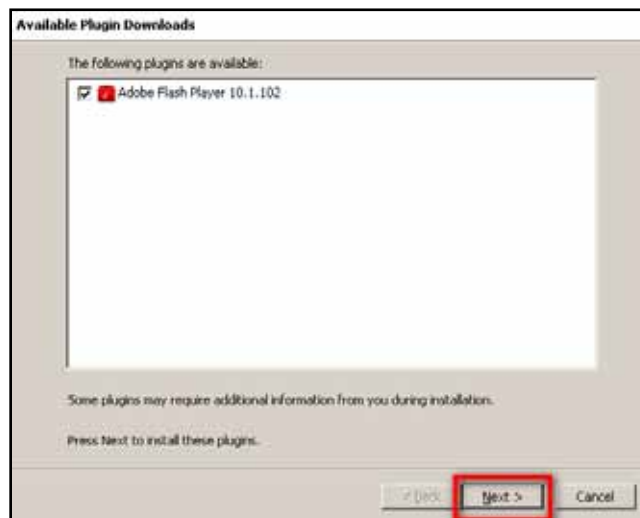

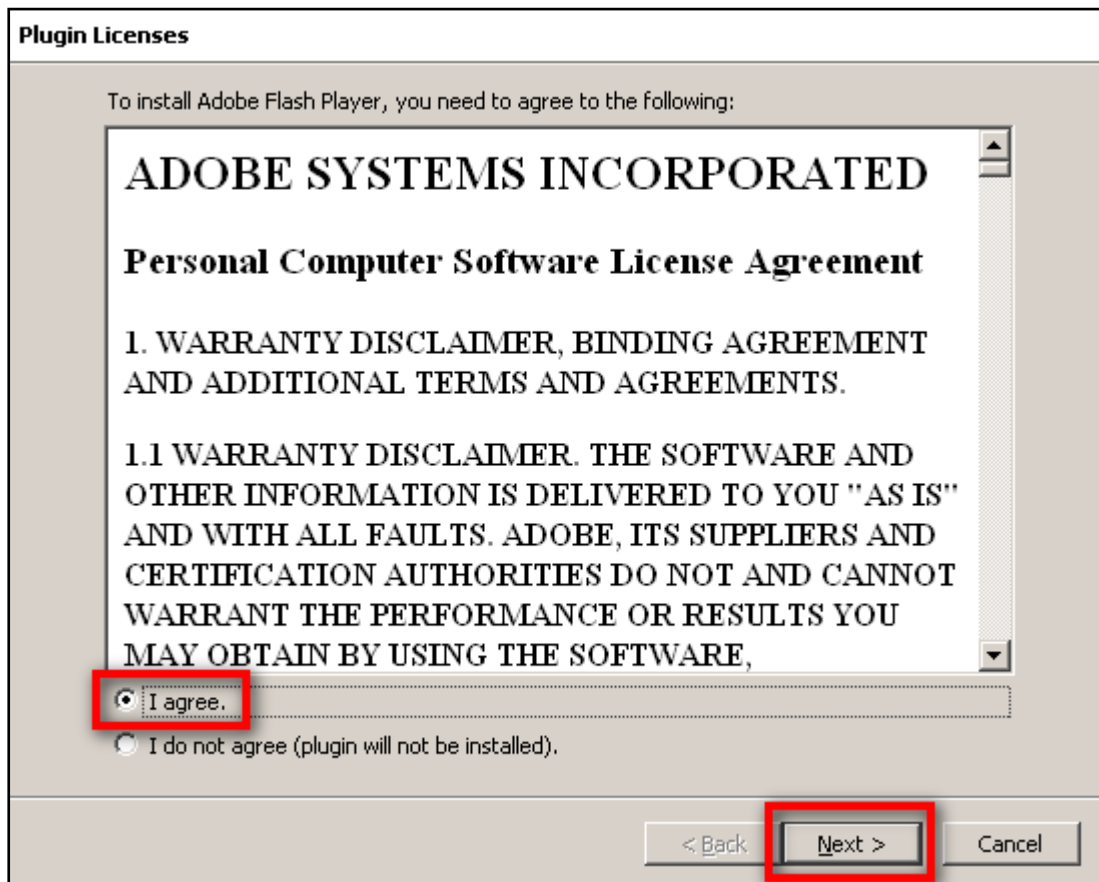

2. The Adobe.com website will launch where you can install the Plug-In. Select the box that says "Click here to download plugin".

3. A box will appear with Adobe Flash Player checked. Select "Next".

Available Plugin Downloads

The following plugins are available:

☑ Adobe Flash Player 10.1.102

Some plugins may require additional information from you during installation.

Press Next to install these plugins.

< Back   [Next >]   Cancel

4. A box for plugin license will appear. Select "I Agree" and "Next".

Plugin Licenses

To install Adobe Flash Player, you need to agree to the following:

ADOBE SYSTEMS INCORPORATED

Personal Computer Software License Agreement

1. WARRANTY DISCLAIMER, BINDING AGREEMENT AND ADDITIONAL TERMS AND AGREEMENTS.

1.1 WARRANTY DISCLAIMER. THE SOFTWARE AND OTHER INFORMATION IS DELIVERED TO YOU "AS IS" AND WITH ALL FAULTS. ADOBE, ITS SUPPLIERS AND CERTIFICATION AUTHORITIES DO NOT AND CANNOT WARRANT THE PERFORMANCE OR RESULTS YOU MAY OBTAIN BY USING THE SOFTWARE,

⦿ I agree.
○ I do not agree (plugin will not be installed).

< Back   [Next >]   Cancel

5. EXIT FIREFOX COMPLETELY.
   Note: Failure to close out of Firefox will not allow the software to finish installation.

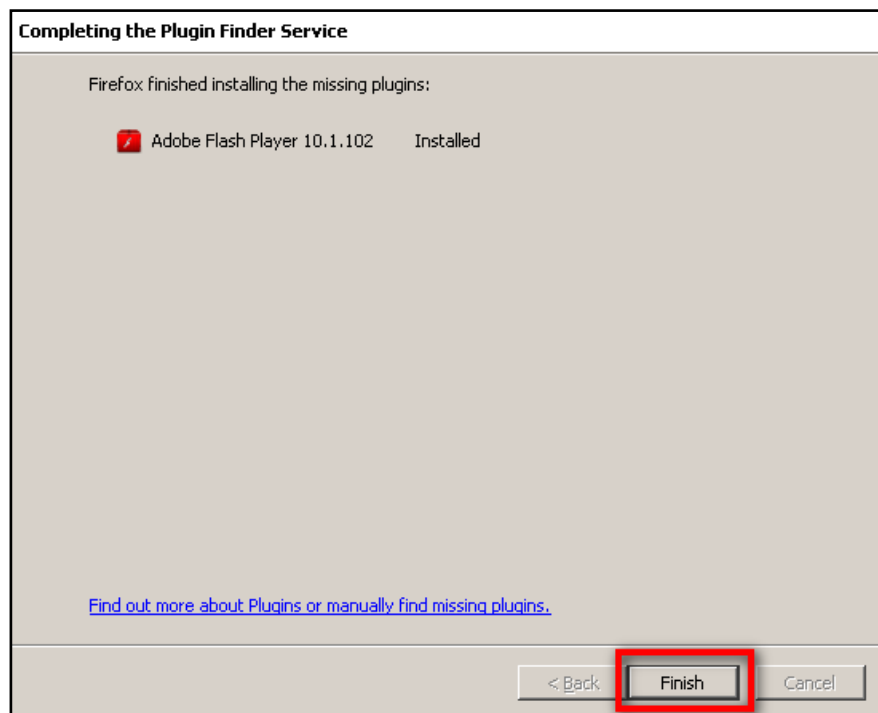

6. Another box for Adobe Flash Player Installer will appear. Select that you have read and agree to the terms of the Flash Player License Agreement. Then, press "Install".

7. The Installing Plugins Box box appears showing download progress.

Installing Plugins

Firefox is installing plugins...

Installing Adobe Flash Player...

[< Back] [Next >] [Cancel]

8. Another box will display indicating that the software has finished installation. Select "Finish".

Completing the Plugin Finder Service

Firefox finished installing the missing plugins:

Adobe Flash Player 10.1.102   Installed

Find out more about Plugins or manually find missing plugins.

[< Back] [Finish] [Cancel]

9. Restart Firefox

**Internet**
Mozilla Firefox

10. Log back into your account at http://PrintableGamesAtoZ.com.

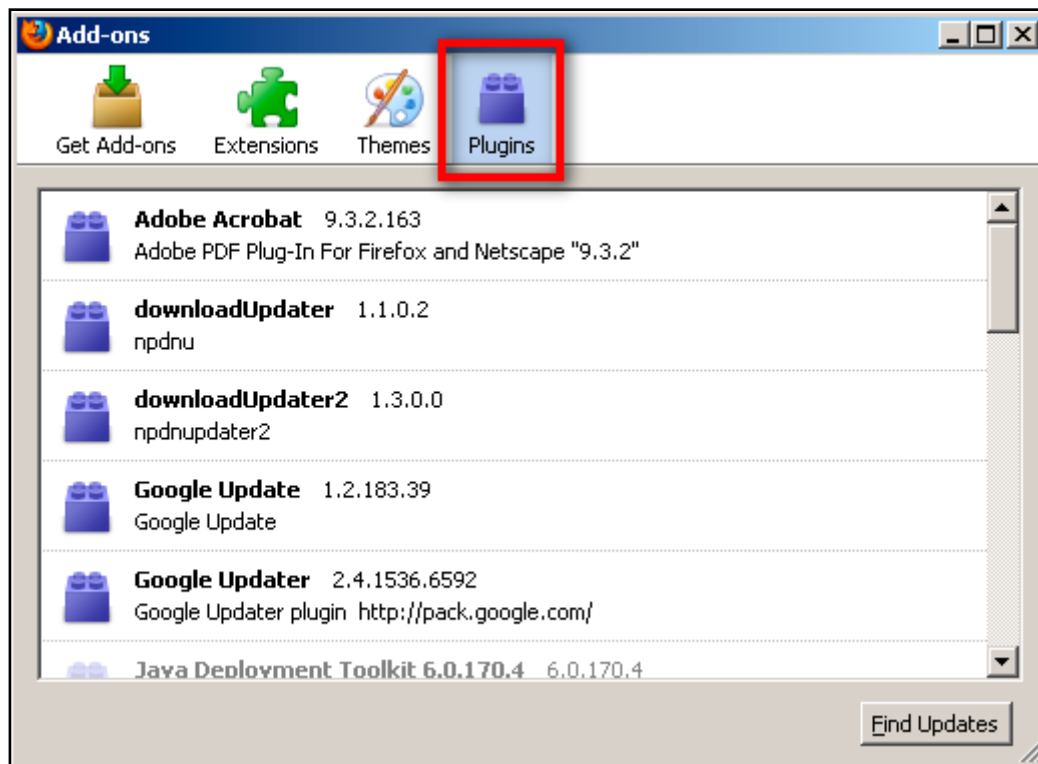

Note: If it still does not work you may have to check that Plug-Ins are installed and enabled. Follow the instructions below to install and enable your plug-ins.
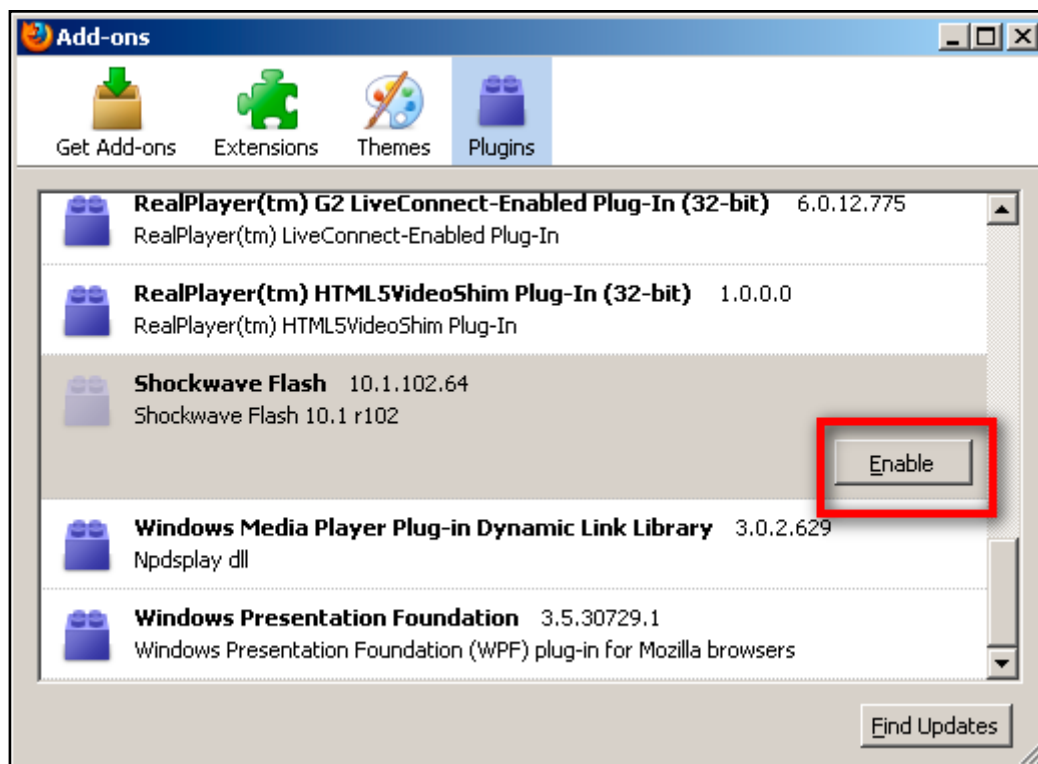

1. Click on "Tool" -> "Add-Ons"

2. Select plug-ins

3. Scroll down and make sure that Shockwave Flash is there and enabled.

4. Refresh the page and your game will appear.
